

February 2021

## DEAR FAMILY AND FRIENDS

Praise the Lord! I will give thanks to the Lord with all my heart, In the company of the upright and in the assembly, Psalm 111:1

A special thank you for making it possible to see souls saved, and making a difference in people's lives. We are so grateful for your contribution and prayers every month.

**Church planting update:** In the year 2020, four churches were built. 71 people were baptized last year and an additional church was planted in the area for the Thami language. This is close to the Tibetan border. We believe that God wants every tongue and people group to hear the gospel, so this is our goal!

Foundation for shutter is finished and moving forward with wall

Brick walls, tin roof and front shutter are placed. Next move will be to plaster, paint, and fix electricity

In 2021, we will plant five new churches in the area of the unreached people groups of Nepal. We have 120 tribes and languages, so there is still a lot of ground to cover!

In two locations in Kathmandu, we currently have online teachings. I am able to share online through the internet and the believers are using a projector in the church hall.

**Bible school update:** We are currently doing courses every Friday. In March, we plan to extend to twice per week. We will wait for a few more months for the residential school.

Newly built church at Bhote Chagu Dolakha

Putting the rope for digging the foundation for the two room shops

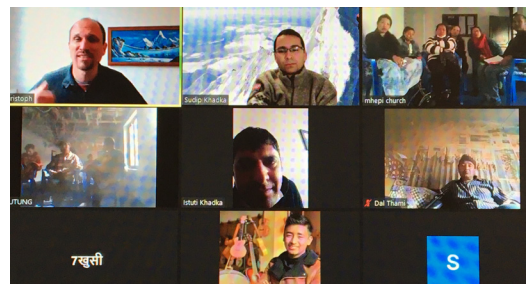

From left : Samuel, Dhanmaya, Bimala, and laxman in their new school outfit at Mahima Children's Home!

Installing the iron poles for stronger support of the side walls!

Most of our kids attend this (Manmaiju) school

Cristoph teaching book of Acts at our online Bible school class!

**Mahima children's home update:** After many, many years, the regional government has fixed the road in front of a children's home. This is wonderful for all who live around here. In the rainy season, it was impossible to drive on this road as the water would wash away the mud and just leave the big rocks there. We would stop the vehicle 0.3 miles away and carry the groceries from there in the mud and rain. I am sure those of you who have visited us, remember this road.

The two-room shop construction continues while I write to you. The goal is to have a little shop for children's homes to get the food such as rice, lentils, beans, dry noodles, etc., at a fair price, even when there are unforeseen events. The foundation, wall, and roof are finished and it looks great! The next step is to cement plaster around the wall, put paint and fix electricity. This might also give some work experience for the older children. School is back to normal again in Nepal, so the children go to school every day.

Road to Mahima Children's Home is fixed!  
They have put black asphalt!

Students joining online classes from  
Phutung

Second children's home. They are having  
fellowship on the balcony!

This is how the Mahima Children's Home road looked until two  
years ago.

Schools have started again and this is Manmaju school grade 11

We are sending kids to 3 different schools. Most of them go to Manmaju school and some go to Phutung school. These are children in their new outfits to the Phutung schools and a few private schools.

Two years ago, we got a new property for a second children's home at Bhojpur. We are in the process of construction on the church!

#### PRAYER REQUESTS:

1. Pray for Suman, Sukram, and Arun, who just completed their 12th grade and they need God's direction in their lives.
2. Please be praying for the leadership team in Nepal
3. Please be praying for my mom's health.

*Sudip, Anne Lise, Rebecca, Samuel og Sarah Khadka*
