

## DEAR FAMILY AND FRIENDS

**“God is not a man, that he should lie”** (Numbers 23:19). I have been standing on His promises and believing each day. His promises are yes and amen. This newsletter will be a little bit more informative.

**Churches Update:** Pastor Santosh and Saradha recently returned from Bigu after officiating a beautiful wedding celebration for Sita Thmai and Hari Adhakari.

Sita and Hari have been in love for a year and a half and share a deep connection through their involvement in the same church. Both in their 30s, they celebrated their union in a heartfelt ceremony in Bigu, Dolakha. The local community honored their love with a joyful wedding reception filled with laughter, blessings, and cherished moments.

Witnessing people’s salvation, baptism, and wedding are beautiful events as the church family grows. We wish Sita and Hari a lifetime of happiness and joy as they embark on this beautiful journey together.

**Pastor Bhim and Sirjana** from Tarara continue to lead their local congregation. They remain actively involved in bringing and spreading the gospel in their local community through their local fellowships and network.

Sirjana recently completed her three-year education, a significant achievement for their family. As they navigate the challenges of raising their children, we ask you to join us in praying for Pastor Bhim and his family, supporting them as they work hard to provide a brighter future for their children. Your prayers and encouragement profoundly impact their lives and the community. Please pray for them as we continue to expand the work in eastern Nepal.

**Mahima Children's Home Update:** One of our dedicated believers, Sapana Maharjan, recently visited Mahima Children's Home. People have little, and it is good to see locals contribute and support our children. In an act of generosity, she contributed food supplies for a few days. This was so nice of her and brought joy to the children's home.

We are incredibly grateful for the support both near and far. Your contributions make a significant difference in the children's lives. Please join us in praying for a new academic year for all our kids in three children's homes.

**School of Ministry Update:** We've been having morning classes lately, and recently, Christoph paid us a visit and shared some valuable teachings. We're always grateful to our friends who take the time to visit and help recruit our people. Thank you, Christoph!

We would appreciate your prayers and support for two important needs at our Northern mission base:

**Solar System for Jiri Mission Base:** The Jiri mission base needs a solar power system. It would be ideal if this system could also provide hot water. The estimated cost for the setup is around \$850. Please consider praying for this need.

**Hand Tractor for Field Work:** The team has been digging and cultivating the field using traditional hand tools. To ease their work and improve efficiency, they hope to purchase a hand tractor, which costs about \$550.

We ask that you pray about these needs and support us as you can. Thank you for being a part of this mission with us.
