

DEAR FAMILY AND FRIENDS

Let us not become weary in doing good, for at the proper time we will reap a harvest if we do not give up. (Galatians 6:9) Today, as we look back on the journey of the children raised in Mahima Children’s Home, we can see clearly the beautiful harvest God is bringing forth.

It is truly inspiring to witness how these young lives have been transformed. Children who once came to us with broken hearts and uncertain futures are now stepping into the world as strong, capable, and faith-filled individuals – world changers in their own communities and beyond.

This incredible transformation would not have been possible without partners like you. Your faithful support – your prayers, your generosity, your love – has made a lasting impact. Because of you, these children were fed, clothed, nurtured, educated, and given the skills and love they needed to thrive.

At Mahima Children’s Home, we care for the children 24/7 – not just providing for their basic needs, but raising them in God’s way with a vision of hope and a future. Every hour invested, every meal shared, every lesson taught, every prayer whispered over them – it all matters.

As Nelson Mandela so wisely said, “Education is the most powerful weapon which you can use to change the world.” And today, we see that power in action. Your investment in these lives is bearing fruit, changing the world one child at a time.

From the bottom of our hearts, thank you. Thank you for believing with us, for standing with us, and for sowing seeds into the lives of these precious children. The harvest is here, and it is glorious.

Let us continue – together – to not grow weary in doing good.

I just came from having **A Special Weekend in Copenhagen, Denmark!** I visited my spiritual son, Dil Bahadur Basnet. Dil was raised at Mahima Children’s Home in Kathmandu, where he lived for 14 years. After completing his education in Kathmandu, he moved to Copenhagen three years ago to pursue further studies. It was such a joy to see him growing, taking responsibility for his own life, and doing so well. He is now working, thriving, and has a girlfriend. Dil is doing wonderfully, and we are so proud of the man he is becoming! He is 26 years old now.

Worship team in Copenhagen

Sudip sharing in Copenhagen
Nepali speaking church

Sudip and Dil bahadur

Dil is now part of a vibrant Nepali-speaking fellowship in Copenhagen and serves as one of the leaders in the church. I was truly honored and blessed to attend and minister there at the weekend service. It was my very first time speaking at a Nepali-speaking fellowship in Copenhagen –and what a powerful and unforgettable experience it was!

God is doing amazing things among the Nepali believers in Denmark, and I'm so grateful to have been a part of it. My heart is full! I was surprised to find out that there is a community with over 10,000 Nepali-speaking people in Copenhagen.

Easter Update: He is Risen – Easter Celebration in Nepal!

What a joyful and powerful Easter celebration we had! All our churches joined the community of believers and other churches to celebrate resurrection day. The atmosphere was filled with excitement and hope as we came together to celebrate the resurrection of our Lord Jesus Christ. It is a big celebration for our local pastoral teams and believers. Pastor Santosh and Pastor Prem led the service with such passion and grace, reminding us of the victory we have in Christ.

Hearts were uplifted, faith was strengthened, and the presence of God was so real among us. It was a beautiful gathering of worship, Word, and fellowship – a true reminder that Jesus is alive, and because He lives, we have hope for today and forever! Christ is risen indeed – hallelujah!

A special thank you and a prayer need!

A special thank you to everyone who has been praying and standing with us, and an extra heartfelt THANK YOU to McElhany! Recently, I shared about the needs at our Jiri mission base – a hand tractor for farming and a solar heater for the base. I am thrilled to announce that the Lord has provided! Through His faithfulness and the generosity of His people, these important needs have been met. The hand tractor will greatly bless our farming efforts, and the solar heater will make a huge difference for those living at the base.

This month marks the beginning of a new academic school year for all the children in our homes! It's an exciting time as we prepare for school admissions, purchase new books, gather school supplies, and buy fresh uniforms for each child. We would like to ask you to prayerfully consider standing with us for this ministry's need. If you want to make a contribution, please visit <https://www.globeintl.org/members/sudip-cfa>. You can contribute toward personal, travel, and other CFA ministry needs or make a check with the note Sudip/orphanage.

I would also like to ask if you have time to volunteer to help with our website. I would really appreciate your help. Please get in touch with me at sudip@airpost.net
